CAPITAL IMPROVEMENT PROGRAM

The following Capital Project Funds are established to account for the resources used for the acquisition of capital facilities and infrastructure for the Town of Coventry with the exception of those items financed by Special Revenue Funds.

CAPITAL EXPENDITURES (General Fund):

This funding source relies on the use of Town cash, raised through taxes, to undertake necessary capital improvements or make capital purchases. This year \$1,012,000 is requested, an increase of \$80,000 from last year's Capital Budget. We have established a threshold of not lease purchasing items under \$50,000. Industry standards for capital replacement call for funding 10% of the annual operating budget for capital replacement. We fall far short of that standard by over \$3,000,000. This means that over time, we rely on borrowing to pay for projects and incur interest expenses which could be avoided if we properly funded this account. Sixteen (16) projects are planned for this activity. They include:

1 Summer Road Program (partial-see also Town Aid)	\$ 300,000
2 School Computers	150,000
3 Town Hall Computer Upgrades	40,000
4 Classroom furniture	30,000
5 Police SUV vehicle	43,000
6 SCBA fire paks\ hose	10,000
7 Fire gear	10,000
8 Open Space Fund	15,000
9 Revaluation YR3	15,000
10 CNREF	170,000
11 Urban forestry stewardship	30,000
12 DPW pick-up truck	40,000
13 School maintenance vehicle	37,000
14 Engine tanker refurbishment	50,000
15 Police technology	12,000
16 Lake management	60,000
TOTAL	<u>\$ 1,012,000</u>

TOWN AID ROADS

The State of Connecticut grants money to the Town based upon the number of miles of improved and unimproved roads. The improved road funds supplement town tax dollars for the annual road resurfacing program. The unimproved road fund is designed to upgrade non-paved roads. We hope to receive \$300,000 in Town Aid for Roads (TAR) funds from the State. TAR funds are supplemented by \$300,000 of local funds for a total summer roads program of \$600,000.

LOCAL CAPITAL IMPROVEMENT PROGRAM (LOCIP)

The State of Connecticut has established a trust fund to promote local infrastructure repair. The State will reimburse the Town for 100% of eligible improvement projects to Town roadways, buildings and facilities. LoCIP, in general, cannot be utilized to purchase equipment or furnishings, or on school buildings. The Town will not receive these funds if the projects are not completed. The funds are not included in the revenue projections per auditor's advice. Instead a separate Special Revenue Fund has been created. A separate question at Town meeting is required. Annually the fund receives around \$100,000 and balances can be carried forward. Five project totaling \$100,000 has been proposed:

1	Patriots Park improvements	\$20,000
2	Creaser Park improvements	20,000
3	Sidewalk extension/repair	15,000
4	Large Drainage projects	25,000
5	Guardrail	10,000
6	Open Space stewardship	10,000
	Total	\$100,000

CAPITAL & NON-RECURRING EXPENDITURES FUND (CNREF)

The Town Charter provides for the establishment and funding of a Capital Non-Recurring Expenditures Fund for the purpose of paying the cost of capital improvements over multi-year periods. In accordance with Chapter 108 of the Connecticut General Statutes, the Town Council may levy an annual tax not to exceed two (2) mils for the benefit of CNREF. In addition, the Council may transfer to the CNREF any portion of resources of the General Fund not otherwise appropriated. In an effort to restore this fund, increasing appropriations are scheduled to get to the point where major equipment purchases can be made. This year a contribution is proposed for this fund of \$170,000. Two purchases out of this fund are proposed, the third of seven annual payments to CT Natural Gas for our share of extending the gas pipeline into our town for \$90,000 and the purchase of a vehicle lift for \$18,000. This will allow a net increase into the fund of \$62,000.

STATE & FEDERAL GRANTS

Occasionally the Town becomes aware of opportunities to undertake special projects utilizing funds from government or private grants. Grants anticipated include the following:

1	DOT Bridge Grant – Hop River Road Bridge Replacement	\$2,859,520
2	State Diesel Emission Reduction Act Program Grant	50,000
3	Lake management	45,000
	Total	\$2,954,540

NOTES & BONDS

The Town borrows money from time to time to finance large expenditures beyond the Town's ability to pay on a cash basis. To borrow money or undertake a project of more than \$100,000, approval of a Town meeting and referendum is required in accordance with Section 9-3 of the Town Charter. A \$4,000,000 bond proposal is recommended for the May vote. \$3,000,000 is proposed for a 3-year road improvement program to allow reconstruction and treatments of local roads. Additionally, \$500,000 is planned to reconstruct the parking lot at Coventry Grammar School to increase parking and separate out the bus lane from other parking for safety purposes. \$500,000 is also proposed for the Town's share of the 20% match to replace Hope River Road bridge in conjunction with a Federal Bridge grant. Columbia will pay a portion based upon the taxable levy of the two towns. Two lease purchases are also proposed to replace a large dump truck and a roadside mower. The new debt for these projects will be offset by debt from paid off projects so that this area of the budget will not require a tax increase to cover the expenses of this essential projects.

OTHER

Special project funds are established from time to time for specific projects. Several projects are envisioned this year. Verizon rental income from leases on the radio tower (\$25,000) will be used for the on-going operation of Verizon phones used by emergency responders, the Everbridge system, and vehicle location systems. The planned replacement of the COVRRRA/Sewer pickup truck will be paid for from the respective funds. In addition, in connection with the Hop River Road Bridge replacement, local funds are needed to supplement the 80% which will be funded through grant proceeds. The 20% locally funded portion will be split between the town of Coventry and Columbia, based on the average past three years' tax revenue as defined by State Statute. Columbia's estimated portion, \$114,480 has been included below.

1.	Patriots Park improvements	Recreation fund	\$5,000
2.	Tower equipment	Radio Tower fund	\$10,000
3.	Hop River Road Bridge Replacement	Town of Columbia	\$114,480
4.	Nathan Hale Cemetery wall repair	Cemetery Fund	\$10,000
5.	Pickup truck	50% COVRRRA/ 50% Sewer Fund	\$34,000
	Total		\$173,480

LEASE PURCHASE

From time to time the Town decides to lease purchase equipment over time to lessen the immediate impact of the acquisition cost. These lease purchase agreements must contain a clause which releases the Town from the agreement if the payment is not funded. The annual payments are typically carried in the debt service portion of the budget. One lease purchase is proposed to purchase a large fully equipped dump truck with a cost of \$200,000. The Town has received a grant of approximately \$50,000 to help offset the cost of this purchase, leaving \$155,000 to be financed through a lease purchase (7-year lease for \$24,900 annually). In addition, the Town intends to lease purchase the upgrades to the public works radio system for \$85,000 and purchase a new roadside mower for \$130,000 (5-year lease for \$46,550 annually). These amounts will be offset by two retiring lease obligations, with annual payments totaling of \$49,606.
