Review: Review: At the time of the preparation of this memorandum, no new information has been submitted by the applicant. It is Staff's understanding that the archaeological consultant has not yet completed the report or received comments from the State Archaeologist. The public hearing will need to be continued to the June 13 meeting. Another 30 day extension of time to extend the hearing is necessary.

The abutter John Motyka, has inquired with Staff about the potential drainage impacts on his property that could occur from the proposed development. The applicant should discuss this with the Commission.
